Tell others about the positive result you have experience with us!

I met with Buchanan Health back in August of 2018. I had a serious lower back pain that was hurting my quality of life.

The Buchanan Team reviewed my back, checked my xrays & developed a ten week therapy program for addressing my problem. We started the program in late August.

Somewhere at the mid point in the program, I began feeling better. The intense therapy was definitely working.

One big lesson that I learned was to not get discouraged early in your program. I might have quit before the mid point, but for the Team encouraged me to keep going & I will be forever grateful.

Tell others about the positive result you have experience with us!

My family left Maine in December 2017 to make our move to Florida. I had been seeing a chiropractor in Maine for many years. When we arrived we were busy trying to settle in. My back became worse and I could hardly walk, so I began asking around about chiropractors. My two neighbors highly ~~recommended~~ recommended Dr. Buchanan. From the time you walk through the door you are made to feel welcome, right until you walk back out. Everyone is so positive throughout your whole visit. I was even able to ~~have~~ get my primary health care there also. They put together a plan after my first visit. They suggested shots in my back, now I am a person who is scared of needles, but I told them "I do not like needles but at this point I am desperate enough to try anything." So I began my shots and chiropractic adjustments. I am feeling the best I have felt in years. This the most professional and friendliest health care I have ever been to. Thank you mostly and Jige for getting me back on track.

Words can't describe the treatment I received from Dr. Kawa and Therapist Kenny - Everything went well above my expectations, especially after I had visited a different doctor and I was put on medications that actually made me sick -

I wish more people ~~to~~ knew about Graston Technique and how you are "naturally" treated without medication or surgery - I know ~~it~~ ^{it} can't be used for everyone - but it's certainly worth trying - & I feel I had a 90-95% correction with my treatment for _____

I would recommend Dr. Kawa at any time -

The office staff is also excellent - very willing to help and assist with insurance, scheduling appointments

To whom it may concern,

I have been a patient at Buchanan Health Center for many months, due to back problems. I was treated by Mr. Kevan. He is very professional, caring, and helped me a great deal.

All members of Buchanan staff are very helpful and caring. They are a pleasure to be seen by each and every visit. I advise this facility for all Chiropractic services.

Sincerely,
Don Reuniger

Dr. Frank Paiano, DO
Dr. Tige Buchanan, DC

Dr. Karlton Kwan, DC
Jim Bronson, LMT

July 21, 2017

I am very grateful for Buchanan Health Center's integrated approach to wellness. I am confident that each professional; involved in my care, truly desires to equip me to sustain the improvements I've noted. I have learned techniques that enable me to continue my healing. Once I complete my treatment plan, I understand that I won't digress. Your staff helped me see, there is a role for ME. I will continue to progress. Thank you for accepting my insurance. My ability to pay for my treatment plans is very encouraging. I am very thankful for Pastor Keith Johnson of Chapel of Christian Faith, The Villages, Florida and his wife (Patty) referred me to your practice and Jim (God's Healer Helper).

Together we can do this

May god bless you in all ways- always,

DEDE
