

CHIROPRACTIC PLUS PAIN TO WELLNESS CENTER PLLC in CARY, NC

COVID-19 Statement

May 27, 2021 Update

As an Essential Healthcare Provider, Chiropractic Plus continues to remain open to serve our patients.

Rest assured, we continue to stay informed and comply with public health agencies as government mandates evolve so that we can maintain safe protocols and choices for your wellness.

- **If you are feeling ill or think you have been exposed to the Covid-19 virus, we will reschedule your appointment and give any advice we can to assist you.**
- **In compliance with CDC and NC guidelines, Masks are Required to be worn in all health care offices, including ours.**
- **We ask you arrive on time for your appointment. Our office continues to schedule patients so that we can limit the number of individuals in the office at one time. This usually means zero additional patients during your office visit, with very occasionally one person in the waiting area, socially distanced.**
- **We have eliminated the need to physically sign-in upon arrival. Credit card and other payments, or any needed information to copy, such as an insurance card, are handled with disinfection or no-touch protocols.**
- **When a patient enters the main treatment area of the office from the reception area, all are expected to first wash hands using the treatment room sink before any evaluation and treatment. (And, as usual, the doctor washes his/her hands again as well).**
- **Consistent with our standard practices, after each patient's visit, our treatment rooms, including tables, chairs, and countertops, as are common touch points such as doorknobs, etc., after each patient's visit.**
- **Per continued guidelines, if another person is in the main office area, including staff, we ask for courtesy to maintain 6 feet of space between one another, however, we recognize this is not possible between patient and doctor.**

♥ THANK YOU! We appreciate you and look forward to seeing you soon!
